## SEEMS TO BE DOOMED

Inhabitants May Abandon Entirely the Island of Martinique.

Many Scenes of Indescribable Horror on the Stricken Land—Fort De France in Danger.

## MANY REFUGEES PICKED UP

Fort De France, Tuesday, May 22—Governor L'Heure is on board the French cruiser Suchet.

Comparative quiet is restored, but every one is trying to leave the island, which the inhabitants believe to be doomed. Should the volcano again resume activity scenes of panic and horror will surely occur. No further relief seems needed. The people want to get away.

Yesterday's eruption from Mont Pelee was violent in the extreme. Colossal columns of volcanic matter were ejected from the volcano which rained huge red-hot boulders many feet in diameter on the ruins of St. Pierre and the country near it from an enormous elevation and with fearful velocity. The volcanic clouds advanced until they reached Fort De France.

The spectacle was appalling and beyond description. The whole population of Fort De France was thrown into a frenzy of panic during which soldiers, police, men and women, all terrified, frantic, weeping and praying, rushed through the streets, while overhead the glowing, fiery clouds rolled relentlessly and rained down stones, still hot, amid the swirling ashes.

Lieut. McCormack took on board the Potomac and brought to Fort De France 180 refugees, the oldest of whom was 72 years, and the youngest three days. This work of rescue was difficult and dangerous. It is reported that the whole population of the island is fleeing toward Fort De France. The consternation prevailing is indescribable. Mont Pelee is still very threatening.

The French cruiser Suchet went on another tour round the island and did not take part in the rescue work of the Potomac.

## ELKS MEET TONIGHT.

A PRELIMINARY REPORT WILL BE PRESENTED FROM COMMITTEE.

The Elks will hold their regular meeting this evening. The executive committee of the carnival is not ready to make a final report, but will make a preliminary report, showing that the lodge will clear about \$7,000 from the carnival. The bills and accounts will all be placed in the hands of an auditing committee, and the final report will be ready at the next meeting, a week from tonight.

The uniforms used by the Haeudays have been returned, and the lumber on the grounds has been torn away and turned over to Contractor Ingram. The total amount to the credit of the lodge last night, after nearly all the bills had been paid was \$7,558.56. There are a number of amounts yet to come in, also, and it is safe to place the net proceeds of the carnival at \$7,000.

## NOTICE TO PARENTS AND PUPILS.

Beginning in the morning, school will open at 8 o'clock. Have luncheon from 11:40 to 12; First grade close 1 o'clock; Second grade 1:15, all others grades close 1:30.

C. B. HATFIELD, Supt. By order of the Committee on Schools.

## ARE SELLING POISON

Local Druggists Receive Notice From the Board of Pharmacy

A Number of Patent Medicines, Under the Law Cannot be Sold Except on Prescription of Physician

## IMPORTANT CHANGES ARE MADE

Local druggists have received a communication from the state board of pharmacy calling attention to important laws passed by the recent legislature. The circular cites the requirement against cocaine, and expresses the emphatic determination of the board to stamp out the cocaine evil. It then calls attention to section 11 of the law, which restricts the sale of poison to such an extent that it will be a difficult matter hereafter for anyone to purchase a deadly draught unless he can show good reason for its use. The section also rules against a certain class of patent medicines which have had a large sale.

The amendments come as a surprise to the druggists. The patent medicine manufacturers were probably caught napping, for the amendments were passed by the legislature without any opposition.

Among other things, the new law says:

"It shall be the further duty of anyone selling or dispensing poisons which are known to be destructive to adult human life in quantities of five grains or less before delivering them to enter in a book, kept for that purpose, the name of the seller, the name and residence of the buyer, the name of the article, the quantity sold or disposed of and the purpose for which it is said to be intended, which book of registry shall be for at least two years and shall be at all times open to the inspection of the coroner of the county in which the same may be kept. Oil of tansy, oil of sassa, ergot and its preparations, cotton root and its preparations, and all other active emmenagogues or abortives or emmenagogue preparations, patent or otherwise, shall be sold at retail or dispensed only upon the original written prescription of a legally qualified physician. The provisions of this section shall not apply to the dispensing of poisons, in not unusual doses on physicians' prescriptions, not to the sale to agriculturalists or horticulturalists of such articles as are commonly used by them for insecticides. Every person failing to comply with the requirements of this section shall be deemed guilty of a misdemeanor and upon conviction thereof shall pay a fine of not less than \$10."

Under the provisions of this section come a number of patent medicines which have been extensively advertised and are sold in large quantities. Some of them are familiar preparations. Henceforth the druggist who obeys the law will refuse to sell them except upon a legally qualified physician's prescriptions.

## IS READY TO START

The Nortonville Co. to Incorporate About June 1st in Delaware.

The Capital Stock \$100,000 Paid up—Three Paducah Men in the Company.

## THE TOWN ALREADY ON THE BOOM

The company that has purchased extensively at Nortonville, Ky., has begun work, and will be incorporated at once under the laws of Delaware. The incorporators will be: Messrs. W. B. Kennedy, W. F. Paxton and F. M. Fisher, of Paducah, and Messrs. W. S. Elgin, John B. Trice, Ira Smith, and John T. Edmunds, of Hopkinsville, Ky. The capital stock will be \$100,000, paid in.

Preparations are now being made to begin the sinking of a shaft and the construction of an elevator, screens, etc., for coal, and these improvements alone will cost \$15,000.

The plat, as originally laid out in the 60's will be followed with the exception of a few minor changes.

Sites for churches, school houses and other public buildings will be reserved. There are several manufacturing plants preparing to locate there and the company will make liberal concessions to other manufacturers to locate there. While there is considerable evidence of a boom, Nortonville will be no boom town. The company is offering no stock for sale, but intends to develop the rich lands and coal fields no matter what the expense, and intends to build up the town. The location is one of the best between Paducah and Louisville.

The company's main office will be located in Nortonville, and the board of directors will be chosen at Dover, Del., about June 1.

The development of this valuable property means much to this end of the state, as hundreds of dollars will be spent and hundreds of acres of land that have been off the market for 35 years will be sold to legitimate purchasers.

The hotel at Nortonville is now being repainted, the L. and N. depot is being repaired, and in fact the whole town is showing more activity than known in thirty years.

—The work of excavating for the new Rhodes-Burford building on North Fourth street will begin tomorrow. The clearing away of the debris now on the site is about finished.

## THIRTY-TWO YEARS

This is the Length of Time it Took Joe Robinson to Get Back From Mill

During His Absence His Wife Married Another Man and He Returned to Find a Large Family to Greet Him.

## HIS LONG ABSENCE UNEXPLAINED

Murray, Ky., May 22—Joe Robinson started to mill one morning over thirty-two years ago and got back last Tuesday.

When he left the supposition was that he would return the afternoon of the same day. A wife and two children anxiously awaited his return. Days, weeks, months and years came and went but no word was ever received from the missing man. Untiring efforts were made to locate him but as time rolled by the supposition grew that he had been foolishly dealt with and he was mourned as dead.

Mrs. Robinson was married two years after he left to Tilford Smith and several children were born to them. Bob Smith, formerly of this place, is a son of Tilford Smith and a stepson of Mrs. Robinson.

Without any notice whatever Mr. Robinson returned to his old home last Tuesday. He told a very interesting story of his wanderings since he left for mill many years ago. He has a number of relatives and many friends in the eastern part of the county who were delighted and astounded at his return.

We did not learn what Mr. Robinson expected to do in the future nor where he had been located for the past several years.

## IN CONGRESS.

HOUSE COMMITTEE ON RULES MAKES IMPORTANT REPORT.

Washington, May 22—The house committee on rules met this morning and decided to report a rule for allowing a day for the consideration of the Corliss Pacific cable bill, and time also for the consideration of the irrigation bill.

## KILLED AT NEW ALBANY.

New Albany, Ind., May 22.—Charles Badger, aged 18, while operating a stitcher in the woolen mills, was instantly killed. His right arm was caught in the machinery and torn off near the shoulder, and he was drawn into the machinery, his head being severed from his body.

## JUSTICE HARRIS DEAD

Magistrate Dropped Dead From Heart Disease Today.

Had Been Complaining But Was Apparently Not Seriously Ill—Found Unconscious by His Son-in-law.

## WAS A POPULAR GENTLEMAN

A sudden and shocking death occurred at the Star Laundry, on North Fourth street, near Broadway, about 6:40 o'clock this morning when Justice Nat J. Harris, one of the best known men in the city, died unexpectedly from heart disease while sitting in a chair reading his paper.

Mr. Harris, who resided near Twelfth and Broadway, at the home of Mr. W. L. Young, his son-in-law, had been complaining of pains in his breast and stomach for several days, but this morning arose early, as was his custom, and after eating a hearty breakfast went to the laundry, where he kept books, and opened up. He dusted and arranged the office for the day, and when Mr. Young arrived about 6:30 took a seat near the front door and started to read a paper. He said: "Well, I'm afraid I'll have to give up. I can't stand this much longer."

As he had frequently spoken in that strain before, however, Mr. Young thought he was not seriously ill and simply advised him to see a doctor. Mr. Young stepped into the back room and when he returned a few moments later, saw Mr. Harris with his head hanging back and his hands trembling. He ran to him and lifted him up, but the unconscious man was past aid, and only gasped once or twice, dying in Mr. Young's arms before a doctor could be summoned.

Mr. Harris was a magistrate in the Fourth district, succeeding Justice W. H. Hook. He was an ex-Confederate and a Democrat, and withal a good man and one liked and respected by all who knew him.

The deceased was the son of Rev. Buck Harris, of Tennessee, and was born about 68 years ago near Murfreesboro, Tenn. The early part of his life was spent in Tennessee and Mississippi where he engaged in the mercantile business. He began the study of law soon after he returned to the bar. For thirteen years he held the office of circuit court clerk of Muhlenberg county. After his service to that county he entered the land office at Frankfort and remained there with Colonel Tom Corbett until about seven years ago when he located in Paducah. Since his residence here he had engaged in the insurance business and also kept the books of the Star laundry. Several months ago he was elected a justice of the peace and held that office when he died.

At the age of 26 the deceased was married to Miss Sallie New of Muhlenberg county, who died about two and a half years ago. He leaves two sons, Mr. Floyd Harris, of Mayfield, and Rev. New Harris, of San Marcos, Tex., and two daughters, Mrs. W. A. Berry, of Louisville, and Mrs. W. L. Young, of the city, with whom he lived. He was a member of no church but affiliated with the Methodist.

The inquest resulted in a decision that the deceased came to his death from heart disease and general debility.

No arrangements have yet been made for the funeral, which will not take place until his absent children arrive.

## OVER ONE MILLION

Amount of Life Insurance Paid Out in Kentucky Last Year.

Louisville Received Over One Million Dollars of the Total Amount Paid in the State.

## A LIST OF LARGEST POLICIES

Statistics issued by the Insurance Press, of New York, show the total amount of life insurance claims paid in Kentucky during the year 1901 to have been \$4,243,741. Of this amount Louisville received \$1,190,970, and was the twenty-first city in the United States in amount of claims paid.

The percentage of insurance distribution in Kentucky was 4.2 in 1901, as compared with 3.8 in 1900, and 3.4 in 1899.

Claims of \$10,000 or more paid in Kentucky during 1901 were as follows:

Burgin—William P. Burgin, \$10,900.  
Carroll county—John H. Mitchell, \$10,000.  
Covington—Charles Bogenschutz, \$10,000; Robert Howe, \$20,161; Charles B. Simrall, \$10,000.

## WEDS IN LONDON

Indianapolis Girl Who Was to Marry Marconi Weds Another.

Her Troth to the Inventor Broken a Short Time ago by Miss Holman.

New York, May 22—A dispatch from London says that the wedding of Miss Josephine Holman, formerly of Indianapolis, who was once engaged to marry Signor Marconi, of wireless telegraphy fame, to Eugene Boross, of Budapest, Hungary, took place today at St. Margaret's Chapel, Westminster, in the presence of a brilliant assemblage that included many prominent members of the American colony.

The announcement a few weeks ago of Miss Holman's engagement to Mr. Boross created something of a sensation as it came so soon after it had become known that the troth between the young Indiana girl and Signor Marconi had been broken. Mr. Boross is well known in this city, having paid several long visits here during the last few years. He is the only son of a wealthy business man of Budapest, and has been a great traveler. He is about thirty years of age, handsome, accomplished, and a man of charming manners. On his latest visit to America he was the guest of E. R. Merritt, of this city, a cousin of President Roosevelt.

Mr. Boross' courtship of Miss Holman was not without its romantic features. Their first meeting took place on board one of the Atlantic liners last January. It was just a few days before she sailed that Miss Holman announced the breaking off of her engagement to Signor Marconi.

The young couple expect to make their future home in Budapest, but it is said that one of the promises exacted from Mr. Boross by his bride is that he will bring her to the United States every year.

## RAILROAD EARNINGS.

THERE IS A BIG INCREASE REPORTED EVERYWHERE.

Notwithstanding last year's crop shortage, which has seriously curtailed the volume of agricultural tonnage coming to market, railroad gross earnings continue to record noteworthy expansion. As a matter of fact, instead of the improvement being lessened, as had been so generally feared, the gains (speaking of the roads as a whole) are now larger than ever before. The Financial Chronicle has compiled the figures for the month of April, so far as the returns are available so soon after the close of the month, and in the aggregate the increase is the largest shown in any preliminary monthly exhibit during the current year thus far. The tables cover eighty-eight roads operating 95,147 miles, and the total of the gross earnings on this mileage is \$5,749,508 larger than that reported by the same companies on 95,696 miles in April of last year. In other words, there is an increase of 11.03 per cent in revenues on an addition of only 1.55 per cent in mileage.

## FIREMEN MEET AT GRIFFIN.

Griffin, Ga., May 22—This morning ushered in one of the biggest firemen's celebrations ever held in this part of the country. The occasion is the annual meeting and tournament of the Tri-state Firemen's Association and as the carnival is also in progress the number of visitors is a record-breaker. The decorations are unusually fine, and include public, private and business buildings. In the competitive events this afternoon the participants include teams from Rome, Dalton, Cartersville, Calhoun, Aniston, Marietta and other cities.

## DON'T GO IT BLIND.

THERE'S NO NEED TO IN PADUCAH—THE WAY IS ALMOST HEDGED WITH GUIDE POSTS.

Have you ever read a newspaper article, a glowing account of one incident told in elusive words to lead you on, and found it ended up with a proprietary medicine advertisement? Made you mad, didn't it? and were you convinced of the merit of the article? We think not, because it told the experiences of some stranger in a far away town, to take his word for it was like "going it blind." It's a very different thing when a statement is prescribed from a citizen, from people we know and that's the case here.

Mrs. M. S. Smith, of 333 Jefferson street, says: "I complained of kidney complaint for a number of years, in fact, dating back to 1884. There was difficulty with the kidney secretions which annoyed me both day and night and a dull pain across the small of my back caused me great discomfort. I was induced to procure Doan's Kidney Pills at DuBois and Co's drug store, and after taking the treatment a short time I noticed a great change in my condition and the improvement steadily continued until I felt better than for a long time previous. Doan's Kidney Pills are such an excellent and effective preparation that it is a pleasure for me to recommend them to others."

For sale by all dealers, price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

## SOUTHERN RAILWAY.

CHARGES FILED BEFORE THE INTERSTATE COMMERCE COMMISSION.

Chattanooga, Tenn., May 22—The case of the Chattanooga chamber of commerce against the Southern railway and fifteen other railway and transportation companies came up for hearing today before the interstate commerce commission. This is a revival of what was known as the "Chattanooga case" against railroads for alleged discrimination against Chattanooga and in favor of Nashville and Memphis in freight rates from the east. The case was originally instituted about ten years ago and was advanced slowly up to the supreme court of the United States on appeal where it was dismissed on a technicality without prejudice, leaving this way open to reinstitute proceedings.

## TEXAS TRAVELING MEN.

Sherman, Texas, May 22—The freedom of the city has been turned over to the members of the United Commercial Travelers who are holding their ninth annual state convention here. The city is attired in national colors in honor of the occasion and the Binkley hotel, the headquarters of the knights of the grip, presents a beautiful appearance inside and out. Today was devoted to receiving the delegates and their wives and seeing that they were assigned to comfortable quarters. The program of entertainment will be inaugurated this evening with a grand ball at Woodlake park. The business of the convention will begin tomorrow and conclude Saturday, on which day a session will be held at Denison.

## CENTENNIAL OF

### FAMOUS SCHOOL.

Winston-Salem, N. C., May 22—The centennial celebration of Salem Female college, for which preparations have been making for more than a year, was ushered in today under the most favorable auspices. Alumnae and friends of the institution are here from many parts of the country and everything points to a celebration in keeping with the importance of the occasion. The program covers a full week, concluding next Thursday with the graduation exercises and laying of the cornerstone of the Alumnae Centennial Memorial Chapel. Governor Aycock, Mr. Edward Bok and others persons of prominence are included among the participants.

## THE RURAL CARRIERS

What is Required of Them Where There is Free Delivery.

Success of the Postal Savings Bank of Great Britain is Greater Than Was Ever Anticipated.

## A RECORD BREAKING STAMP SALE

Rural carriers are not required to deliver mail to houses standing back from the main road, except in the case of registered mail, special delivery and pension letters.

The patrons are expected to meet the department half way, by affording the carriers every facility for the performance of their duties, by keeping the roads open after heavy snowfalls, and by using their influence with the proper authorities to maintain them in good repair at all seasons of the year, and under all sorts of weather conditions.

Rural carriers are forbidden to act as agents, salesmen or solicitors for express companies, letter box manufacturers, wholesale houses, corporations or firms, or to engage in any business or avocation which would interfere with the proper performance of their official duties. They may act as news agents, sell newspapers or periodicals on their own account, or accept and collect subscriptions for the same.

When carriers receive newspapers or periodicals by express or by other means outside the mails, to be sold or delivered on their routes, they, as news agents, will be required to pay postage on such matter at the second class rate of postage, one cent per pound, except in the case of county papers, which are mailed free to subscribers residing in the county in which they are published. This order is not intended to prohibit carriers from performing private commissions for the accommodation of the patrons of their routes, so long as their doing so does not interfere with the regular and prompt performance of their duties.

The postal savings bank of Great Britain has over 1,000,000 depositors, who have on deposit nearly one billion dollars. Although Great Britain pays only an average interest of 3 1/2 per cent upon deposits, the revenues of the postoffice department fall short nearly one million dollars annually of the amount needed to pay the interest on these savings. This should be an object lesson to those who believe it would be a profitable undertaking for our government to go into the banking business.

The inventor of the gummed postage stamp was a Scotchman, Mr. James Chalmers of Dundee, who in 1834 suggested the adoption of the practical system of affixing adhesive squares of paper to envelopes. Mr. Chalmers was ridiculed, and, among others, medical men predicted that the constant licking of gum would be prejudicial to the health of the nation. It was not until 1841 that the plan of Mr. Chalmers received the serious attention of the postoffice authorities.

A record-breaking sale of postage stamps is reported by the Chicago postoffice. The sale was 1,000,000 stamps, for which the purchaser gave a check for \$25,000. In one package were 500,000 four-cent stamps, and in the other the same number of one-cent stamps. This is the largest individual purchase of stamps in the history of the Chicago postoffice.

## NORTON TO BE RE-NOMINATED.

Sandusky, O., May, 22.—Indications point to the re-nomination of Congressman James A. Norton at the Democratic congressional convention of the thirteenth district in session here today. There is an organized opposition, but the Norton forces appear to have the better of the contest, and express confidence in their ability to win the fight.

## EDITORS BUSY.

### ALABAMA SCRIBES ENJOYING ANNUAL MEETING AT MOBILE.

Mobile, Ala., May 22—Today has marked the apotheosis of the Alabama newspaper man. From the time he entered the city gates to attend the annual meeting of the Alabama Press Association he was picked up on a velvet cushion, and that soft and luxurious mode of locomotion has been his throughout the day and will continue at his disposal until he takes his departure tomorrow. There are about fifty members in attendance and many have their wives with them. It has been a busy day for them all.

The session opened in the Y. M. C. A. auditorium at 10 o'clock this morning, at which time the association listened to addresses of welcome by Hon. Walter F. Walsh and others. The feature of the session was the annual address of the president, W. E. W. Yerby of Greensboro. Reports of other officers followed and the convention then took up the reading and discussion of papers on subjects of direct interest to those engaged in newspaper making. The sessions will be continued and concluded tomorrow.

### SWALLOWED FALSE TEETH

#### BENJ. H. HOPKINS DIED IN FLORIDA FROM EFFECTS OF SURGICAL OPERATION.

Jacksonville, Fla., May 22—Benj. H. Hopkins, a leading citizen and transportation man, for many years Florida representative of the Louisville and Nashville railway, died here from the effects of a most peculiar accident that befell him a month ago. While sitting on his porch one Sunday afternoon, chatting and laughing with friends, his false teeth slipped down his throat. An operation was performed a week ago and the teeth recovered from the lower part of the throat. Pus formed, and it was found soon after that his jugular vein had been perforated. This was cemented up, but to no purpose, and despite the best medical attention he died today. He leaves a wife and two children.

### BLIND CHAPLAIN INJURED.

#### MR. MILBURN'S LIFE SAVED BY HIS DAUGHTER.

Washington, May 22—Blind Chaplain Milburn, of the senate, was struck by a runaway horse attached to a buggy as he was leaving the capitol, just after offering the prayer at the opening of the session. The large toe of one foot was cut off and several of the toes badly injured. The accident would have been far more serious but for Mr. Milburn's daughter, who pulled him from a position immediately in front of the runaway horse as it was about to dash upon her father.

### THE ODD PENNIES.

For the sake of saving odd pennies do not buy an inferior emulsion of cod-liver oil when you really need Scott's Emulsion.

Scott's Emulsion costs more to buy because it costs more to make.

The difference in price is pennies. The difference in results is pounds—pounds of flesh—and days of new strength and comfort.

The consumptive and others who have lost flesh get more cod-liver oil into their systems by means of Scott's Emulsion than in any other way.

## The Thief... ..of Beauty

Is Captured by Bradford's Regulator.

Thousands of young women are awaking to the fact that inherited comeliness has been stolen away and instead of glowing cheeks, bright eyes and smooth brows, the tell-tale wrinkles of pain have taken the place of these former charms. These are the warning feelings! Weak, tired and exhausted in the morning, no life, no ambition to enter upon their former pleasures, irritability, cross, discouraged, dull headaches, general dispirited feeling, sleepless nights, cold feet, poor circulation, "bearing down" pains. All these symptoms indicate deranged and weakened organs. Shattered nerves and exhausted energies follow the weakened condition of the female organs as surely as night follows day. Save yourself from more terrible results, redeem your youth by taking

### Bradfield's Female Regulator

The most strengthening, invigorating, menstrual regulator in the world. It relieves painful menstruation, profuse menstruation, obstructed menstruation, inflammation of the vagina, displacement, menorrhagia, catarrh, nervousness, headaches, etc. etc. Beauty of face and symmetry of form are the result of the use of these health drops. Of druggists \$1.00. Our book, Perfect Health for Women, mailed free. THE BRADFELD REGULATOR CO. ATLANTA, GA.

### THE KING'S PLATE.

#### IMPORTANT RACE MEET BEGINS AT TORONTO, ONT.

Toronto, Ont., May 22—When the flag fell at Woodbine this afternoon it ushered in what promises to be the banner meeting in the history of the Ontario Jockey club. The Queen's plate, the oldest turf event in America, this year becomes the King's plate, his majesty King Edward continuing the gift of fifty guineas which Queen Victoria instituted nearly half a century ago. Though the name is changed and there is another donor of the guineas, the conditions of the race are the same, and it certainly has just none of its attractiveness as is evidenced by the large crowd of visitors here from far and near.

The meeting begun today is to continue nine days, during which time \$38,000 is to be distributed in prizes. The new races this year are the Coronation stakes, a sweepstakes for Dominion bred two-year-olds with \$650 added; the Hurlingham Cup for polo ponies, the Athol purse for home bred hunters and the Prince of Wales' steeplechase, a new name for the Red Coat race, in which professionals are allowed to ride.

### WAS HELPED ON HER WAY.

Millie Rose, who was of the "Gay Paris" exhibition, broken up during the carnival, and who had been stranded ever since, applied last evening to Mayor Yeiser for transportation to Evansville, where she hopes to get work with the Bostock people. She lost her job when the show left, and had since been in bad straits. She was given transportation to Evansville.

### WILL SHOOT FOR PRIZES.

The target shoot of the Paducah gun club tomorrow afternoon at La Belle park will be for two fine shot guns, a Remington and a Smith. The new expert traps will be used for the first time. It is understood the club has dispensed with purses, and will hereafter, when anything is shot for, put up articles, such as the guns to be awarded to the successful marksmen tomorrow.

"There is no failure so great as failure of spirit and heart in life."

## ALL SEEM TO BE INNOCENT.

The Sun seems to have cut to the quick in its comments on municipal methods in connection with the quarterly "assessments" of saloons. All the officials are trying to plead ignorance. It is truly astonishing how little they appear to know about what is going on. The police are not allowed to go into saloons, we are told, and consequently cannot tell whether a man has taken a drink or not on Sunday. They are not permitted to lounge around near a saloon to watch who comes out and make him tell what he knows to the police judge or grand jury. It is not the duty of the prosecuting attorney to turn detective and swear out warrants against saloon keepers if they violate the Sabbath, and besides the prosecuting attorney is not supposed to know what is going on. The mayor, being a good, moral man, of course knows nothing about the saloons being open on Sunday. He instructs the marshal to have the laws enforced, and the marshal instructs the police to enforce them, and presumes that the laws are enforced. Therefore no one is to blame. All lay the blame at the door of some one else in order to escape their own responsibility. Yet these innocent, meekly abused officials manage to find out enough to fine the saloon keepers four times a year regularly. It would be interesting to hear their explanation of why they can't do it every week, if the law is violated, as easy as they do it every three months.

If police officers can hang around long enough to get a warrant one week in twelve, they can do it every week in twelve. If the prosecuting attorney can be instrumental in having warrants issued every three months, he can do it every three weeks; likewise the marshal, or whoever is responsible for the regular "assessments." There is no use in anyone's trying to escape the charge of gouging the saloon keepers and convicting at violations of the law for personal gain. An honest confession is good for the soul, we are told, and if the Democrats in office have any soul, they ought for its sake to own up that the reason saloon keepers are fined every three months, and every three months only, is because it means money to the officers, and to fine them any oftener would be to close the saloons, and to close them would mean a loss of about a thousand dollars a year to the officers. It is too plain to be denied. If the officers want to appear sincere and honest in their administration, let them fine the saloon keepers every time they violate the law or not at all.

The criticism in our afternoon contemporary of Senator Hanna yesterday was very unjust, and shows a total

disregard of facts. Senator Hanna is not trying to pose as the arbitrator of strikes, but is doing good work in reconciling the differences of labor and capital, which is commendable in any man. He does not aspire to the position of President, although we are of the opinion that he would make a good one were he elected, and so far as trouble with his own employees is concerned, he never had a strike of any description among his men at any time, and has always paid them as much as they could have gotten anywhere else, which is all any man can reasonably expect. Senator Hanna is a fair, honorable man, who because of his success in life, financially and politically, has incurred the ill will of that class who always try to pull any man down who is above them. Senator Hanna's life, both public and private, is something that any man could well be proud of. There is not a more modest, magnanimous man in Washington, and none thought more of by everybody, irrespective of politics.

If the telephone question was not referred by the council, The Sun was in error. Whether it was or not, however, does not affect the question involved. If the proposed new telephone company has not complied with the law, which required it to begin work within sixty days, it should be held as strictly to account for it, as some of our friends want the street car company to be held to the laws under which it is operated. If the law is to be rigidly enforced against one, it ought to be against the other. The new telephone company will probably build, although it looks as if a great deal of time has been consumed in arranging the preliminaries; but whether it is or not, the city council ought to investigate the claim that the franchise has been forfeited. If it has, and the company desires to build, the city can sell another franchise, and make \$500 or \$1,000 more on the deal. There is no reason why the city should not hold the new telephone company to its franchise agreement. The city has done her part.

The Digel crowd and its followers in the Democratic party look like thirty cents in counterfeit money. After all their braggadocio and boasting, Mr. Digel, who claimed he was chairman of the Democratic county committee, has issued a statement that he will for the sake of harmony appoint the same election officers that Mr. Emery appointed. That Mr. Emery has badly whipped the crowd is self-evident. It must be quite mortifying to the Potter-Digel faction to have to crawl out in such a humiliating way. Our wise and influential contemporaries that are so fond of claiming credit for "scoring a victory for the people" in influencing the action of municipal legislative bodies might with propriety explain to the public how it happened to permit that \$1.83 tax rate, why the city councilmen are unlawfully drawing increased salaries, and why it permitted the public printer question to be decided by an interested party. Are these last named "victories for the people?"

## RAFTERS FELL.

ONE YOUNG MAN HAD A NARROW ESCAPE AT WINGO.

Tuesday several rafters fell in the new Masonic Hall and Opera house that is being built at Wingo, Ky., and in the falling a young man named Johnson came near losing his life. The rear of the building was knocked down and great damage was done. Johnson was on top of the rafters when they started falling, but fortunately pulled himself above them and was injured no more than a few scratches when the accident was over and everything cleared.

It is reported from Livingston county that the depredations of river pirates are becoming serious. About \$1,000 worth of goods of various descriptions has been stolen within the past few weeks. They do their work in the night, and take everything from a skiff to live stock.

## ALDERMANIC BOARD

Regular Meeting to be Held This Evening.

The Street Railway Ordinance, the Most Important to Come up.

Tonight the board of aldermen meet in regular session and several matters of importance will come up for consideration.

The street railway ordinance will come up which will be about the most important business before the board. The street car company representatives and a committee from the board of aldermen and common council met and arranged a suitable ordinance, one that would be satisfactory to both sides, and it is thought the board will accept the report of the committee.

A special committee's report relative to the extension of water mains and the installation of fire alarms boxes near Twenty-third and Broadway will be made. The water company requires so many subscribers to the block before they will extend mains and as there are not enough willing to subscribe it is thought the mains will not be extended.

The granting of liquor license to "Jack" Whitesides will also come up and the opinion of some is that the license granted by the lower board will not be ratified.

## TYPOGRAPHICAL ELECTION.

VOTES CAST YESTERDAY IN PADUCAH BY MEMBERS.

J. S. Brooks, of the local Typographical union, has been selected as the representative at the International convention in August at Cincinnati, with Fred Schumacher as alternate.

The local members yesterday until 7 p. m. voted by secret ballot at Billings' printing shop for national officers, who are elected for two years. The following received majorities in the Paducah vote:

James M. Lynch, of Syracuse, N. Y., for president; C. E. Hawkes, of Chicago, for first vice president; J. W. Bramwood, of Denver, Colo., for secretary and treasurer. Lynch and Bramwood are now incumbents of the offices sought by them.

## ONE SESSION.

HOT WEATHER AROUSES THE TEACHERS TO AGITATION OF THE QUESTION.

The teachers in the local public schools are agitating the one session question with hopes that the board will inaugurate one session during the hot weather.

The pupils are forced to return home at noon in the hot weather and the teachers think that if they are kept a short time longer and dismissed shortly after noon, the same time as a regular one session, better work will be gotten from them. They have been discussing the matter for the past two days and think if they adopt the proper means and place the situation rightfully before the board that their desires will be fulfilled.

## COMMENCEMENT ADDRESS.

REV. G. W. BRIGGS TO DELIVER IT AT THE GIRLS' SCHOOL IN CLARKSVILLE.

Rev. G. W. Briggs, D.D., of the city will deliver the commencement address at the big girls' school in Clarksville, Tenn., on June 4. It is needless to say that it will be something eloquent and scholarly, as Dr. Briggs has few equals as an orator and thinker.

## MR. S. H. CLARK'S FUNERAL.

The funeral of the late Mr. S. H. Clark will take place Sunday afternoon at 2 o'clock from the house; burial at Oak Grove. Miss Flora May Clark, one of the daughters, arrived yesterday afternoon, and the other, Mrs. Wolkewitz, will arrive from Minnesota as soon as possible.

## THE COURTS.

Judge Sanders Court Brief This Morning.

The Patterson Case Still on Trial in the Circuit Court.

## POLICE COURT.

Judge Sanders held a short session of police court this morning and only three cases were docketed.

John Price, colored, charged with slapping a woman was fined \$10 and costs for that offense and a warrant was afterwards sworn out against him for perjury, the offense having been committed during the breach of the peace trial in which he was fined.

John Mitchell, colored, the hack driver who choked a small boy for throwing a rock at his hack and also for striking him, was fined \$1 and costs for a breach of the peace.

Mrs. Riley Swift was fined \$1 and costs for a breach of the peace. She and several other women got into a quarrel and used some pretty strong language towards each other. The other women, Mrs. Sands and Mrs. Smith, were recognized for their good behavior towards each other.

## COUNTY COURT.

Carroll Cooper and others deed to Abe Hines for \$300, property in the county.

The liquor license of Carter and Davis was this morning transferred to Elrod and Gabriel.

Suit has been filed by M. N. Collins against M. Kahn and Co. for \$79.89, alleged to be due on a painting contract. The plaintiff alleges he had the contract to paint some houses on North Eighth street, and was forced by the defendant to abandon it.

This morning all the remaining depositions in the Patterson against the city of Paducah case were finished and this afternoon Attorney Lightfoot, for the city was speaking.

Judge Bloomfield, for the plaintiff will speak next and the argument will close. It will require some little time, however, to complete the decision, and the opinion will probably cover many pages.

## EASY MONEY

Manager J. E. English Will Inaugurate a Novelty Soon.

Wants Some Couple to Marry at the Kentucky—Expenses Paid.

Manager J. E. English desires to inaugurate a novelty at The Kentucky theater, and will give twenty-five dollars in gold to any couple who will be married on the stage during the evening of some performance this week or next at The Kentucky theater, and in addition pay for the license and remunerate the minister. All the couple has to do is to be willing. Manager English will hold this offer open for any night this week or next week, requiring only that he be notified 24 hours in advance.

This unique offer is one never before made in Paducah, and it is expected that there will be plenty willing to accept it.

When Choosing a Diamond. In examining diamonds do not trust to artificial light and choose a clear day. Damp weather makes diamonds billous. On a dark, foggy day the purest white diamond will take on a tinge of straw color. No one is safe in examining a diamond except on a clear day, and then you must be careful of your surroundings, for the gem will take on the tints of the walls and ceiling, and you will scarcely recognize your own diamond when you see it under different conditions.

## Restricting Autos' Speed.

Automobiles have become very scarce in the city proper of London in consequence of the application of an old ordinance forbidding self-propelled vehicles from going faster than three miles an hour.

## Highest Recorded Medical Fee.

The highest medical fee ever paid became the property of a blind physician, Dr. Gale, of Bristol, who cured a wealthy patient of a diseased knee by electric treatment, and in return found his banking account richer by £50,000.

## Vast Wealth of London.

Some idea of the vast wealth of London may be gathered from the fact that the fire insurance carried by the metropolis is now \$4,550,000,000. Canada's fire insurance amounts to \$750,257,098.

## Cloth for British Officials.

Since 1377 the aldermen of London have annually presented to the high officers of the state, such as lord chancellor, the lord chief justice, the home secretary and the foreign secretary, as well as certain officers of the city, pieces of cloth which, in the case of the town clerk, reaches the maximum of twelve yards. This custom of guilds and corporations clothing their members led, it is said, to the origin of the liveries of the various companies.

## Death of a Baby Zebra.

Bessie, the baby zebra, was turned over to the taxidermist yesterday. The pretty little animal died on Friday. The mother was frantic, and for two hours would allow no one to approach the dear departed one. Very seldom do zebras live when born in this country. There is one exception at the zoo, but he is a stupid, ugly-looking animal, and not at all like the bright-coated parents of Bessie.—Philadelphia Record.

## Was England's Oldest Physician.

Our wise and influential contemporaries that are so fond of claiming credit for "scoring a victory for the people" in influencing the action of municipal legislative bodies might with propriety explain to the public how it happened to permit that \$1.85 tax rate, why the city councilmen are unlawfully drawing increased salaries, and why it permitted the public printer question to be decided by an interested party. Are these last named "victories for the people?"

## RAFTERS FELL.

ONE YOUNG MAN HAD A NARROW ESCAPE AT WINGO.

Tuesday several rafters fell in the new Masonic Hall and Opera house that is being built at Wingo, Ky., and in the falling a young man named Johnson came near losing his life. The rear of the building was knocked down and great damage was done. Johnson was on top of the rafters when they started falling, but fortunately pulled himself above them and was injured no more than a few scratches when the accident was over and everything cleared.

—It is reported from Livingston county that the depredations of river pirates are becoming serious. About \$1,000 worth of goods of various descriptions has been stolen within the past few weeks. They do their work in the night, and take everything from a skiff to live stock.

## ALDERMANIC BOARD

Regular Meeting to be Held This Evening.

The Street Railway Ordinance the Most Important to Come up.

Tonight the board of aldermen meet in regular session and several matters of importance will come up for consideration.

The street railway ordinance will come up which will be about the most important business before the board. The street car company representatives and a committee from the board of aldermen and common council met and arranged a suitable ordinance, one that would be satisfactory to both sides, and it is thought the board will accept the report of the committee.

A special committee's report relative to the extension of water mains and the installation of fire alarm boxes near Twenty-third and Broadway will be made. The water company requires so many subscribers to the block before they will extend mains and as there are not enough willing to subscribe it is thought the mains will not be extended.

The granting of liquor license to "Jack" Whitesides will also come up and the opinion of some is that the license granted by the lower board will not be ratified.

## TYPOGRAPHICAL ELECTION.

VOTES CAST YESTERDAY IN PADUCAH BY MEMBERS.

J. S. Brooks, of the local Typographical union, has been selected as the representative at the International convention in August at Cincinnati, with Fred Schumacher as alternate.

The local members yesterday until 7 p. m. voted by secret ballot at Billings' printing shop for national officers, who are elected for two years. The following received majorities in the Paducah vote:

James M. Lynch, of Syracuse, N. Y., for president; C. E. Hawkes, of Chicago, for first vice president; J. W. Bramwood, of Denver, Colo., for secretary and treasurer. Lynch and Bramwood are now incumbents of the offices sought by them.

## ONE SESSION.

HOT WEATHER AROUSES THE TEACHERS TO AGITATION OF THE QUESTION.

The teachers in the local public schools are agitating the one session question with hopes that the board will inaugurate one session during the hot weather.

The pupils are forced to return home at noon in the hot weather and the teachers think that if they are kept a short time longer and dismissed shortly after noon, the same time as a regular one session, better work will be gotten from them. They have been discussing the matter for the past two days and think if they adopt the proper means and place the situation rightfully before the board that their desires will be fulfilled.

## COMMENCEMENT ADDRESS.

REV. G. W. BRIGGS TO DELIVER IT AT THE GIRLS' SCHOOL IN CLARKSVILLE.

Rev. G. W. Briggs, D.D., of the city will deliver the commencement address at the big girls' school in Clarksville, Tenn., on June 4. It is needless to say that it will be something eloquent and scholarly, as Dr. Briggs has few equals as an orator and thinker.

## MR. S. H. CLARK'S FUNERAL.

The funeral of the late Mr. S. H. Clark will take place Sunday afternoon at 2 o'clock from the house; burial at Oak Grove. Miss Flora May Clark, one of the daughters, arrived yesterday afternoon, and the other, Mrs. Wolkewitz, will arrive from Minnesota as soon as possible.

## THE COURTS.

Judge Sanders Court Brief This Morning.

The Patterson Case Still on Trial in the Circuit Court.

## POLICE COURT.

Judge Sanders held a short session of police court this morning and only three cases were docketed.

John Price, colored, charged with slapping a woman was fined \$10 and costs for that offense and a warrant was afterwards sworn out against him for perjury, the offense having been committed during the breach of the peace trial in which he was fined.

John Mitchell, colored, the hack driver who choked a small boy for throwing a rock at his hack and also for striking him, was fined \$1 and costs for a breach of the peace.

Mrs. Riley Swift was fined \$1 and costs for a breach of the peace. She and several other women got into a quarrel and used some pretty strong language towards each other. The other women, Mrs. Sands and Mrs. Smith, were recognized for their good behavior towards each other.

## COUNTY COURT.

Carroll Cooper and others deed to Abe Hines for \$200, property in the county.

The liquor license of Carter and Davis was this morning transferred to Elrod and Gabriel.

Suit has been filed by M. N. Collins against M. Kahn and Co. for \$79.89, alleged to be due on a painting contract. The plaintiff alleges he had the contract to paint some houses on North Eighth street, and was forced by the defendant to abandon it.

This morning all the remaining depositions in the Patterson case were finished and this afternoon Attorney Lightfoot, for the city was speaking.

Judge Bloomfield, for the plaintiff will speak next and the argument will close. It will require some little time, however, to complete the decision, and the opinion will probably cover many pages.

## EASY MONEY

Manager J. E. English Will Inaugurate a Novelty Soon.

Wants Some Couple to Marry at the Kentucky—Expenses Paid.

Manager J. E. English desires to inaugurate a novelty at The Kentucky theater, and will give twenty-five dollars in gold to any couple who will be married on the stage during the evening of some performance this week or next at The Kentucky theater, and in addition pay for the license and remunerate the minister. All the couple has to do is to be willing. Manager English will hold this offer open for any night this week or next week, requiring only that he be notified 24 hours in advance.

This unique offer is one never before made in Paducah, and it is expected that there will be plenty willing to accept it.

When Choosing a Diamond. In examining diamonds do not trust to artificial light and choose a clear day. Damp weather makes diamonds billious. On a dark, foggy day the purest white diamond will take on a tinge of straw color. No one is safe in examining a diamond except on a clear day, and then you must be careful of your surroundings, for the gem will take on the tints of the walls and ceiling, and you will scarcely recognize your own diamond when you see it under different conditions.

Restricting Autos' Speed. Automobiles have become very scarce in the city proper of London in consequence of the application of an old ordinance forbidding self-propelled vehicles from going faster than three miles an hour.

Highest Recorded Medical Fee. The highest medical fee ever paid became the property of a blind physician, Dr. Gale, of Bristol, who cured a wealthy patient of a diseased knee by electric treatment, and in return found his banking account richer by £50,000.

Vast Wealth of London. Some idea of the vast wealth of London may be gathered from the fact that the fire insurance carried by the metropolis is now \$4,550,000,000. Canada's fire insurance amounts to \$756,257,098.

Thirty Cabs to Deliver Jewels. One of the large jewelry stores in New York used in the delivery of Christmas parcels in December thirty cabs, which were kept busy from the Thursday before Christmas to the time the store closed on Tuesday night.

Efficient Postoffice Service. The Boston postoffice officials and employees are taking great credit to themselves in the fact that there was not a single piece of mail remaining in the office to be delivered after the carriers had started out on their last burdensome trip on Christmas morning.

The Bask of His Calculation. "I see that Yale is celebrating the fact that the college is 200 years old." "Is that all it is? Why, I've got a boy who graduated from there last June, and the amount he thinks he knows couldn't be taught in twice 200 years."—Cleveland Plain Dealer.

### BANK AND TRUST

#### COMPANY OPENS.

On Monday, June 2, 1902, the Globe Bank and Trust company will open their doors for business.

This institution will do a general banking business and in addition will do a trust business.

The institution is fortunate in having a very strong directory composed of some of the leading financiers of the city, and in having a very large and substantial list of the business men of the city for stockholders. The capital stock of the institution is \$150,000.

They have purchased and fitted up the building at No. 306 Broadway where they are well equipped with the latest improved burglar safes and vaults, their furniture is all new and of the latest design and their place presents to view one of the prettiest and best equipped places in Western Kentucky.

In their trust capacity they act as guardian, executor, administrator, receiver, take care of property, loan money on real estate and pay interest on time deposits.

The institution opens under favorable circumstances and bids fair to be a valuable addition to the business interest of our thriving city.

### SOCIAL NOTES.

Mrs. Victor Voris' bowling party this morning at the Kentucky club was a charming compliment to her guest, Mrs. Cheney of St. Louis, and to Mrs. J. H. Black of Terre Haute, Mrs. Snyder of St. Louis, Miss James of Evansville, Miss Kerr of Dyersburg and Miss McCampbell of Paris,

Tenn. Quite a large number of guests were present, and the occasion was most delightful.

Mrs. George Flournoy won the married ladies' prize, and Miss Martha Leech won the young ladies' prize and presented it for the visitors to bowl for, Miss McCampbell winning it. Frappe was served in the Kentucky club rooms after the game.

Mrs. John P. Campbell and Mr. S. A. Fowler will entertain at the La Belle park pavilion tonight with a reception and cotillion in honor of Mrs. Bryan Snyder and Mrs. Cheney of St. Louis, Mrs. J. H. Black of Terre Haute, Miss James of Evansville and Miss Kerr of Dyersburg, Tenn. The reception will be at 8 o'clock, and the cotillion will begin at 10.

## MINING MAGNATES

Several Passed Through the City This Morning Early.

Left Overland for Livingston County to Inspect Lands and Mines

Messrs A. M. and M. J. Hewlett, C. S. Pierce and Michael Stutsahts, Sr., and Michael Stutsahts, Jr., of Kewanee, Ill., arrived last night, and after spending the night at the Palmer House, left overland for Livingston county this morning, to inspect mining lands, with a view to investing extensively.

They are all mining experts, backed by capital, and it is thought will be pleased with what they find in Livingston county. They will probably remain several days before they return on their way home.

## IT'S PLENTY WARM.

BUT NOT SO HOT AS YESTERDAY AND TUESDAY.

Today the highest the mercury climbed was 97. Yesterday the official thermometer registered the highest as 98, while the day before the maximum was 99. The lowest reached last night was 74. There is a slight breeze stirring today which makes the heat seem less intolerable and tonight cooler weather is predicted. The following is the official forecast for Kentucky:

Partly cloudy tonight and cooler with occasional showers. Yesterday hard rain was reported near Arcadia but it lasted a few minutes only. It did not rain at all in the city.

## ACCIDENTALLY CUT.

TEN STITCHES REQUIRED TO CLOSE THE WOUND.

Pat Lydon was yesterday afternoon cut in the left hand by George Gish, the latter using a butcher knife. The boys were playing in the Liebel saloon corner of Ninth and Washington streets and in chasing each other about Gish accidentally cut Lydon. The wound was long and deep and Dr. Griffith had to take ten stitches to close it.

## ONE SESSION

THE COMMITTEE THIS AFTERNOON AUTHORIZED THEM FOR TERM.

This afternoon the committee on district schools authorized one session in the public schools until the close of school next month. This is done on account of the heat, which unfits the pupils for work.

## CAP EXPLODED.

A SMALL COLORED BOY MAY LOSE A HAND FROM RECKLESSNESS.

Tuesday Met Howard, a small colored boy, was picking at a dynamite cap with a piece of wire when it exploded and tore one of his hands to pieces. A physician was called and dressed the hand. It may be necessary to have to amputate the member at the wrist.

## WITH THE THEATERS.

"A Woman's Crime," to be presented at the Kentucky tonight is a comedy drama laid in London and is the story of a woman who was a child stealer. Not knowing it she sells her own child to a wealthy lord. She is sentenced to fifteen years penal servitude and after liberation returns to the old scenes and rescues her child from the hands of her enemy. Miss Gale will be seen in the role of Jane Ruth-erford, the mother, a role which requires great power of emotion and dramatic action. Mr. James appears as Jonathan Pointer, of the London police, a part in which Mr. James scored quite a success in Boston. Mr. Griggs will portray the part of Lieutenant Weston, of the English navy, who is betrothed to Marion. Mr. Harmon plays the part of Joe Simpson, the returned convict, while Mr. Forsythe will be seen in the part of Lord Chesterton, the gambler and supposed father of Marion. Miss Stockton will be the little daughter of Jane. She has been chosen for this part particularly on account of her small stature, as Marion is supposed to be but sixteen years of age. Miss Henry will be the audacious Tittlin-da, who through her coquettishness succeeded in getting Pointer and his nephew into a peck of trouble. Mr. Florence is happily cast as the nephew Nobby Nibble who is continually getting into trouble and depends upon his uncle to help him out of it. The play will run for three nights with matinee Saturday.

A good sized audience attended the last representation of "The Noble Outcast" at the La Belle park theater last night. The performance was a good one and seemed to well please the people. Mr. Middleton, in the difficult leading role, certainly added to his past good reputation as an actor of really great abilities. Mr. Carlton, who has not before been seen in this city in heavy character, did fine work. The specialties were very good. Mr. Mart Beatty, or Montrose Howard, as the bills have it, received quite an ovation.

A children's matinee is announced for La Belle park theater on Saturday afternoon. The prices will be but 5 cents for children and 10 cents for adults. The car ride and the play certainly affords a delightful treat for little ones.

The play to be presented at La Belle park theater tonight, and for the succeeding three performances is the charming drama "True Irish Hearts." This is really an unusually fine play and should draw large crowds.

Mr. John Young, one of the comedians in the Wilbur Opera company, is now directing a summer opera in Louisville.

## SOCIAL NOTES.

Mrs. Victor Voris' bowling party this morning at the Kentucky club was a charming compliment to her guest, Mrs. Cheney of St. Louis, and to Mrs. J. H. Black of Terre Haute, Mrs. Snyder of St. Louis, Miss James of Evansville, Miss Kerr of Dyersburg and Miss McCampbell of Paris,

Tenn. Quite a large number of guests were present, and the occasion was most delightful.

Mrs. George Flournoy won the married ladies' prize, and Miss Martha Leech won the young ladies' prize and presented it for the visitors to bowl for, Miss McCampbell winning it. Frappe was served in the Kentucky club rooms after the game.

Mrs. John P. Campbell and Mr. S. A. Fowler will entertain at the La Belle park pavilion tonight with a reception and cotillion in honor of Mrs. Bryan Snyder and Mrs. Cheney of St. Louis, Mrs. J. H. Black of Terre Haute, Miss James of Evansville and Miss Kerr of Dyersburg, Tenn. The reception will be at 8 o'clock, and the cotillion will begin at 10.

## MINING MAGNATES

Several Passed Through the City This Morning Early.

Left Overland for Livingston County to Inspect Lands and Mines

Messrs A. M. and M. J. Hewlett, O. S. Pierce and Michael Stutsahts, Sr., and Michael Stutsahts, Jr., of Kewanee, Ill., arrived last night, and after spending the night at the Palmer House, left overland for Livingston county this morning, to inspect mining lands, with a view to investing extensively.

They are all mining experts, backed by capital, and it is thought will be pleased with what they find in Livingston county. They will probably remain several days before they return on their way home.

## IT'S PLENTY WARM.

BUT NOT SO HOT AS YESTERDAY AND TUESDAY.

Today the highest the mercury climbed was 97. Yesterday the official thermometer registered the highest as 98, while the day before the maximum was 99. The lowest reached last night was 74. There is a slight breeze stirring today which makes the heat seem less intolerable and tonight cooler weather is predicted. The following is the official forecast for Kentucky:

Partly cloudy tonight and cooler with occasional showers. Yesterday hard rain was reported near Arcadia but it lasted a few minutes only. It did not rain at all in the city.

## ACCIDENTALLY CUT.

TEN STITCHES REQUIRED TO CLOSE THE WOUND.

Pat Lydon was yesterday afternoon out in the left hand by George Gish, the latter using a butcher knife. The boys were playing in the Liebel saloon corner of Ninth and Washington streets and in chasing each other about Gish accidentally cut Lydon. The wound was long and deep and Dr. Griffith had to take ten stitches to close it.

## ONE SESSION

THE COMMITTEE THIS AFTERNOON AUTHORIZED THEM FOR TERM.

This afternoon the committee on district schools authorized one session in the public schools until the close of school next month. This is done on account of the heat, which unfits the pupils for work.

## CAP EXPLODED.

A SMALL COLORED BOY MAY LOSE A HAND FROM RECKLESSNESS.

Tuesday Met Howard, a small colored boy, was picking at a dynamite cap with a piece of wire when it exploded and tore one of his hands to pieces. A physician was called and dressed the hand. It may be necessary to have to amputate the member at the wrist.

## WITH THE THEATERS.

"A Woman's Crime," to be presented at the Kentucky tonight is a comedy drama laid in London and is the story of a woman who was a child stealer. Not knowing it she sells her own child to a wealthy lord. She is sentenced to fifteen years penal servitude and after liberation returns to the old scenes and rescues her child from the hands of her enemy. Miss Gale will be seen in the role of Jane Ruth-erford, the mother, a role which requires great power of emotion and dramatic action. Mr. James appears as Jonathan Pointer, of the London police, a part in which Mr. James scored quite a success in Boston. Mr. Griggs will portray the part of Lieutenant Weston, of the English navy, who is betrothed to Marion. Mr. Harmon plays the part of Joe Simpson, the returned convict, while Mr. Forsythe will be seen in the part of Lord Chesterton, the gambler and supposed father of Marion. Miss Stockton will be the little daughter of Jane. She has been chosen for this part particularly on account of her small stature, as Marion is supposed to be but sixteen years of age. Miss Henry will be the audacious Tittlinga, who through her coquettishness succeeded in getting Pointer and his nephew into a peek of trouble. Mr. Florence is happily cast as the nephew Nobby Nibble who is continually getting into trouble and depends upon his uncle to help him out of it. The play will run for three nights with matinee Saturday.

A good sized audience attended the last representation of "The Noble Outcast" at the La Belle park theater last night. The performance was a good one and seemed to well please the people. Mr. Middleton, in the difficult leading role, certainly added to his past good reputation as an actor of really great abilities. Mr. Carlton, who has not before been seen in this city in heavy character, did fine work. The specialties were very good. Mr. Mart Beatty, or Montrose Howard, as the bills have it, received quite an ovation.

A children's matinee is announced for La Belle park theater on Saturday afternoon. The prices will be but 5 cents for children and 10 cents for adults. The car ride and the play certainly affords a delightful treat for little ones.

The play to be presented at La Belle park theater tonight, and for the succeeding three performances is the charming drama "True Irish Hearts." This is really an unusually fine play and should draw large crowds.

Mr. John Young, one of the comedians in the Wilbur Opera company, is now directing a summer opera in Louisville.

## TO NOMINATE A RAILROAD COMMISSIONER.

Frankfort, May 23.—The Democratic committee of the Second Railroad district has been called to meet at Frankfort on Friday, May 23, to decide on a time and manner and place for nominating a railroad commissioner to succeed C. C. McChord.

## INDEPENDENT OPERATOR STARTS.

Hazleton, Pa., May 22.—Matthias Schwabe, a small independent operator, today started up his colliery at South Heberton. All the miners are to receive the wages demanded by the mine workers. The output will be for home consumption exclusively. It commands \$6 a ton at Braker.

## An Alarming Outlook.

In 225 years, if cancer increases at the present rate, that part of the human race over thirty years of age will be practically extinct. This statement is made by Dr. William F. Whitney, the bacteriologist of the famous Massachusetts General Hospital.

## Congressmen Have New Joke.

This is the latest jocular remark among members of congress when constituents press them for unobtainable positions: "I guess I'll have to get him a job as lineman with the Maroon company."

## WILL YOU ALLOW

A Relative or Friend to Pass Into the Dark Valley Simply Because the Doctor Desires to Cling to Medical Etiquette?

## Paine's Celery Compound

Is Daily Saving Precious Lives After Pronounced Failures of Physicians.

The months just passed of the present year have brought bereavements and dark clouds of sorrow to many homes in our land. Fathers, mothers, sisters, and brothers have been forever removed by the grim reaper, death. The large majority of such could have been saved had their friends given them Paine's Celery Compound, instead of the worthless medicines the sick ones were forced to swallow.

In many families a too slavish obedience to medical dictation kept the true life saver from the sick and dying ones. Past records of marvelous cures and victories wrought by Paine's Celery Compound were ignored by medical men; in a word, it was unprofessional in their estimation to introduce the life giving Compound. Ah! Remorse is now doing its quiet but effective work, and those most closely interested are suffering for their neglect.

Will you, dear reader, allow some dear relative or friend to pass from life without making an effort to save the perishing one by Paine's Celery Compound? The virtues and powers of Dr. Phelps' prescription are wondrously far reaching and mighty. Even though your friends have suffered long, and have come to that point where the physician is helpless to save, even then, there is a blessed hope if Paine's Celery Compound is used.

The desperate cases cured in the past and the number of precious lives saved, is the bright, the living proof, that Paine's Celery Compound makes sick people well.

### NOTICE OF FIRST MEETING OF CREDITORS.

In the district court of the United States for the district of Kentucky, in bankruptcy.

In the matter of Hugh Burrows, bankrupt.

To the creditors of Hugh Burrows of Paducah, in the county of McCracken and district aforesaid, a bankrupt:

Notice is hereby given that on the 20th day of May A. D. 1902, the said Hugh Burrows was duly adjudicated bankrupt, and that the first meeting of his creditors will be held at my office in Paducah, McCracken county, Kentucky, on the 31st day of May, A. D. 1902, at 9 o'clock in the forenoon, at which time the said creditors may attend, prove their claim, appoint a trustee, examine the bankrupt and transact such other business as may come properly before said meeting. EMMET W. BAGBY, Referee in Bankruptcy. Paducah, Ky., May 21, 1902.

### THE SCARCITY OF RAIN.

"This is tough luck," said Ham, mournfully, as he leaned out over the side of the ark.

"What's wrong now?" queried Shem.

"Why, all this water to fish in," replied Ham, "and only two fishin' worms on board."—Ohio State Journal.

### IS BUSY AS EVER.

Colonel Evan Prosser, traveling passenger agent of the B. and O. S. W., is in the city again on business. He is arranging for his big excursion to Atlantic City on August 7.

## McKINLEY MEMORIAL FUND

ILLINOIS HAS RAISED \$40,000 OF HER QUOTA OF \$50,000.

Chicago, Ill., May 22.—The fund of the Illinois auxiliary of the McKinley National Memorial association is now about \$40,000 and the work of the auxiliary is fast approaching successful completion. A final opportunity is to be given, in a few days, to the citizens of the interior of the state to subscribe what they wish to the national fund before the Illinois lists are closed and final report made to the headquarters of the association. The postmasters of the leading cities and towns of the state are to be supplied with special subscription blanks upon which citizens of the various interior communities may record their contributions.

Illinois' required total to the fund—assigned to the state by the national committee—is \$50,000. Of the approximately \$40,000 on hand a large part has come from the city of Chicago. It is estimated by Mr. E. S. Hoch, secretary of the auxiliary, that the remaining \$10,000 will be subscribed within the next few weeks. In this case Illinois will be the first of the states to raise its part of the national total for the memorial fund.

### CAIRO'S NEW ROAD.

ANOTHER RAILWAY TO ENTER THE EGYPTIAN CITY SOON.

Cairo, Ill., May 22.—Another new railroad company has been organized at Chicago and it is called the Illinois-Southwestern Railway Co.

Articles of incorporation have been filed in the circuit clerk's office of Alexander county for the above railroad by Messrs. Steel and Holmes, attorneys at law, at Chicago.

The railroad is to be constructed from a point in Crawford county, this state, through the counties of Crawford, Jasper, Richland, Wayne, Hamilton, Franklin, Williamson, Perry, Union, Pulaski and Alexander and to a point in Jackson county.

The capital stock of the new company is \$2,200,000. The principal office is in Chicago. The incorporators are Deleagan A. Holmes of Evansville, Ind., Lloyd Carl Whitman, Charles E. Sellik, Lavern W. Thompson, and Percival Steele, all of Chicago.

By a reference to the map, it is seen that the proposed road, starting from a point in Crawford county somewhere near the eastern state line and the Big Four railroad will make almost a straight line southwest directly to Alexander county, passing near the well known towns of Robinson in Crawford county, Olney in Richmond county, Fairfield in Wayne county, McLeansboro in Hamilton, Benton in Franklin, Marion in Williamson and Ullin in Pulaski, to Cairo in Alexander, then through Union county to a point in Jackson county. The road will be over 200 miles in length.

### NEW CONSTITUTION.

VIRGINIA CONVENTION REASSEMBLED TODAY TO COMPLETE WORK.

Richmond, Va., May 22.—The Virginia constitutional convention, which reassembled today after a recess of six weeks, is not expected to remain long in session as its work is practically completed. It remains only to be decided whether the new instrument shall be submitted to the people or shall be proclaimed as the fundamental law of the state. It is probable the latter course will be adopted, though in any event its adoption is assured. The chief feature of the new constitution is the clause relating to suffrage, the effect of which will be to practically remove the negro vote as a disturbing factor in politics. Another important feature is the rescinding of the article abolishing hold-over senators.

### Wireless Telegraphy Stations.

There are now in Europe forty stations equipped for wireless telegraphy, and five in America. About sixty vessels have put in the necessary apparatus.

## WEDS IN BROOKLYN

Miss Nell Murrin and Mr John Kelley to Marry There June 4th.

Will be an Evening Wedding at Sacred Heart Church—A Paducah Girl.

A wedding announcement that will come as a pleasant surprise to the host of friends in Paducah of the prospective bride, is that of Miss Nell Murrin, formerly of Paducah, but for the past two years of Brooklyn, N. Y., to Mr. John Kelley, a business man of New York City.

The wedding will take place at Sacred Heart church at Brooklyn on the evening of June 4 at 7 o'clock, and there will be a number of attendants. It is to be a pretty but unostentatious wedding, and after the ceremony and a reception at the home of the bride in Brooklyn, the couple will leave on a bridal tour and will reside on Long Island.

Miss Murrin is a niece of Mr. J. J. Dorian, of the city, and was always popular here. She is a young lady of unusual attractions, and in a contest two years ago was voted the most popular young lady in Paducah. She is a vocalist of considerable ability, and Mr. Kelley is to be congratulated on winning such a bride.

## ACCIDENT AT MILL

**D. BATEMAN HURT TODAY AT THE KILGORE HEADING FACTORY.**

D. Bateman, an employee of the Kilgore heading factory, while working in the yards with some timber was seriously injured yesterday afternoon late.

A piece of timber flew up and struck him in the head, knocking him down and inflicting a severe and painful gash. The wound was dressed by Dr. Troutman.

## NEW STOCK YARD

**MR. AL BARNHILL, IT IS REPORTED, WILL ESTABLISH ONE.**

Mr. Al Barnhill, nephew of the late W. P. Barnhill, the stockyard man, will shortly erect a big stock yard near La Belle park. It is understood that he has already made arrangements for the purchase of the ground to be used as the site and will begin work on the building about June 1. He will handle all kinds of cattle and it will be one of the biggest stockyards in this end of the state.

## BECOMES WORSE.

**HENRY GRAY TODAY REPORT-ED TO BE DYING.**

Henry Gray, of Lovelaceville, who was several days ago shot by Eli Hutchinson, was worse this morning and thought to be dying.

Dr. Frank Boyd, of the city, was telephoned to come at once, and left early to attend the injured man. No late reports were heard from him, but it is said that he can not survive.

## RACE HORSE MAN DEAD.

## AGENCY PROBABLE

Prospect of Bradstreet Opening one in Paducah.

Mr. Tune, of the St. Louis Office, in the City to Investigate.

Mr. Lewis T. Tune, of St. Louis, arrived this morning to investigate the advisability of establishing an agency of Bradstreet in Paducah. Bradstreet's is one of the largest mercantile agencies in the country, and Mr. Tune is at the head of the St. Louis department, with 50 or more men under him.

There has always been but one agency in Paducah, R. G. Dan's, and it is believed that there is a good opening for another. Bradstreet already has about twenty subscribers here, who get their reports from the St. Louis office. It will probably be known in a day or two what action will be taken by the agency.

## PAINFULLY HURT.

**MR. EUGENE EDWARDS DRAGGED SOME DISTANCE BY A CAR THIS MORNING.**

Mr. Eugene Edwards, the well known grocer at Twelfth and Trimble streets, had a narrow escape this morning about 10 o'clock on Broadway near Fourth street. Those who witnessed the accident thought at first that he would be seriously hurt, if not killed.

It appears that he attempted to stop a Trimble street car, or one that he thought was a Trimble street car, near the middle of the block, between Third and Fourth street. The motor-men have orders to stop only on the corners from First to Sixth streets, and when the car did not stop Mr. Edwards caught it and was dragged almost to the corner, being on his knees a part of the time. He finally got aboard, but when he reached home ascertained that he was painfully hurt, both knees and arms being badly bruised, and his clothing torn in many places. It seems the accident was due to his not understanding that the cars do not stop except on corners.

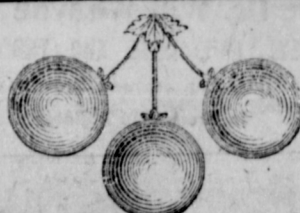

## NEARLY FORTY.

**MR. E. W. MUMFORD MEETS WITH ENCOURAGEMENT THUS FAR.**

Mr. Edward Mumford, who is getting up the military company here, has nearly a full list. He has to secure forty names before the company can be mustered in, and this is what he is endeavoring to do. The list has been opened for the past several days and a lively interest has been taken in the matter. All desiring to become members will please leave their names or call on Mr. Mumford at the Palmer house cigar stand.

## PLEASING ENTERTAINMENT.

The kindergarten matinee to be given by Mrs. Stuart's class this year will take place tomorrow afternoon at 3 o'clock, at the Y. M. C. A. Mrs. Stuart has fourteen bright little pupils, who will entertain the audience in various ways. Mrs. Stuart has made quite a success this year, as formerly, and invites the public to attend.
